

Sight Sciences Announces the OMNI® Surgical System to be Included in UnitedHealthcare's® Expanded Coverage of Glaucoma Surgical Treatments

September 9, 2025

UnitedHealthcare's Coverage Policy includes procedures enabled with OMNI Surgical System technology, the leader in implant-free MIGS, are proven and medically necessary

MENLO PARK, Calif., Sept. 09, 2025 (GLOBE NEWSWIRE) -- [Sight Sciences](#), Inc. (Nasdaq: SGHT) (Sight Sciences or the Company), an eyecare technology company focused on developing and commercializing innovative, interventional technologies intended to transform care and improve patients' lives, today announced that UnitedHealthcare (UHC) has updated its Glaucoma Surgical Treatments policy to cover goniotomy, trabeculotomy, canaloplasty (ab interno), and combined canaloplasty (ab interno) and trabeculotomy procedures for adults (age 19 years or more), when deemed medically necessary for treating mild to moderate open-angle glaucoma (OAG) and cataract in adults currently being treated with ocular hypotensive medication.

This coverage policy, effective October 1, 2025, applies to UHC's commercial and individual exchange benefit plans. UHC is one of the largest health insurance companies in the United States with over 50 million total covered lives. The commercial and individual exchange benefits plans currently cover approximately 30 million of the over 50 million total covered lives under UHC.

"We are pleased that UHC's clinical review resulted in expanded coverage for implant-free, minimally invasive glaucoma surgery (MIGS) procedures, including OMNI, which is an important part of the glaucoma treatment paradigm," said Paul Badawi, Co-Founder and Chief Executive Officer of Sight Sciences. "As a result of this positive coverage policy, UHC's members will have access to the OMNI technology when deemed medically necessary by their ophthalmologist."

The [OMNI Surgical System](#) (OMNI) is FDA-cleared and indicated for canaloplasty followed by trabeculotomy to reduce intraocular pressure (IOP) in adult patients with primary open angle glaucoma. The procedure can be performed before, in combination with, or after cataract surgery.

About Sight Sciences

Sight Sciences is an eyecare technology company focused on developing and commercializing innovative and interventional solutions intended to transform care and improve patients' lives. Using minimally invasive or non-invasive approaches to target the underlying causes of the world's most prevalent eye diseases, Sight Sciences seeks to create more effective treatment paradigms that enhance patient care and supplant conventional outdated approaches. The Company's [OMNI® Surgical System](#) and [OMNI® Edge Surgical System](#) are implant-free, minimally invasive glaucoma surgery technologies indicated in the United States to reduce intraocular pressure in adult patients with primary open-angle glaucoma. The OMNI Surgical System is CE Marked for the catheterization and transluminal viscodilation of Schlemm's canal and cutting of the trabecular meshwork to reduce intraocular pressure in adult patients with open-angle glaucoma. Glaucoma is the world's leading cause of irreversible blindness. The [SION® Surgical System](#) is a bladeless, manually operated device used in ophthalmic surgical procedures to excise trabecular meshwork. The Company's [TearCare® System](#) is 510(k) cleared in the United States for the application of localized heat therapy in adult patients with evaporative dry eye disease due to meibomian gland disease (MGD), enabling clearance of gland obstructions by physicians to address the leading cause of dry eye disease.

Forward-Looking Statements

This press release, together with other statements and information publicly disseminated by the Company, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with these safe harbor provisions. Any statements made in this press release that are not statements of historical fact, including statements about our beliefs and expectations, are forward-looking statements and should

be evaluated as such. These statements often include words such as “anticipate,” “expect,” “suggests,” “plan,” “believe,” “intend,” “estimates,” “targets,” “projects,” “should,” “could,” “would,” “may,” “will,” “forecast” and other similar expressions. We base these forward-looking statements on our current expectations, plans and assumptions that we have made in light of our experience in the industry, as well as our perceptions of historical trends, current conditions, expected future developments and other factors we believe are appropriate under the circumstances at such time. Although we believe that these forward-looking statements are based on reasonable assumptions at the time they are made, you should be aware that many factors could affect our business, results of operations and financial condition and could cause actual results to differ materially from those expressed in the forward-looking statements. These statements are not guarantees of future performance or results. These forward-looking statements include, but are not limited to, statements concerning the following: the effective date of the coverage policy and UHC members’ future ability to access the OMNI technology, and obtain coverage for procedures using the OMNI technology, when deemed medically necessary. These forward-looking statements are subject to and involve numerous risks, uncertainties and assumptions, including those discussed under the caption “Risk Factors” in our filings with the U.S. Securities and Exchange Commission, as may be updated from time to time in subsequent filings, and you should not place undue reliance on these statements. These cautionary statements are made only as of the date of this press release. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law.
